

ESTEVAN LOCATION

Box 358, Estevan, SK S4A 2A3

Phone: (306) 634-9900 Fax: (306) 634-9448

The Estevan location of Carson Energy Services Ltd. employs between 25 and 35 people, who perform daily crew maintenance work, heavy hauling, site prep, civil work, iron work, QCQA, insulating (formed insulation with metal cladding), skid package building, the supply and installation of prefabricated insulated metal buildings, and the manufacture, supply and installation of heat blankets.

Other services the location offers clients include flowline gathering system work, skid and large steel fabrication, shop and field welding, stainless steel welding, large facility fabrication, and field and shop facility fabrication.

EQUIPPED TO WORK

This branch of CES has available a 60x120 foot welding shop, complete with overhead crane and 2-jib cranes. One of the bays in this shop is equipped with steel rails in the floor to roll skid packages in or out.

The facility also has a 40x80 foot shop used for insulation and metal building services. It is here that heat blankets available to clients are manufactured.

A third shop is used for equipment repair (trackhoes, graders, small cats, trailers and other equipment) and in which to park semi tractors. An office building with attached storage shop (used to house air compressors, unloaders, generators and small tools) rounds out the facilities at this location.

COMMITTED TO SAFETY

As part of its commitment to leadership in the energy services industry, CES recognizes the importance of safety, health and environmental training. All CES locations provide comprehensive education to all personnel. CES' quality management programs are registered in Alberta, Saskatchewan, B.C. and Manitoba, ensuring the best in services and products for clients.

Our personnel are trained and qualified to meet the challenges and requirements of a wide array of construction projects.

To discuss how Carson Energy Services can play an integral role in your upcoming projects, please contact one of our staff members below:
