

SWIFT CURRENT LOCATION

**2435 North Service Rd.W
Swift Current, SK S9H 5L2
Phone: (306) 773-9585 Fax: (306) 773-1997**

The 11 acre Swift Current location employs 50 people within a 7,000 sq. ft. main office/repair shop facility, a 2,100 sq. ft. welding shop, 2,500 sq. ft. paint shop, 2,900 sq. ft. safety shop, and 10,440 sq. ft. truck and equipment storage shop. The property is located on the Northwest Service Road of the Trans-Canada #1 Highway.

The Swift Current location of Carson Energy Services provides a range of services for its valued clientele within the energy industry. These include the installation of flowline gathering systems, skid and large steel fabrication as well as field and shop facilities fabrication. The location also specializes in sprayfoam insulating, mechanical insulating, the provision of Utilidor and self-frame buildings, horizontal directional drilling, and shop and field welding.

Daily crew maintenance work, picker work, sand and gravel hauling and heavy hauling, site prep and civil work, iron work, environmental services are also on the list of activities undertaken at this location.

We also offer clients safety sales & servicing and perform safety training at this location when required.

CES has a firm commitment toward safety. All work is done within Company and client safety guidelines, and all employees are fully safety certified. One of CES' six safety services departments is located at this facility.
