Carson Energy Services is pleased to announce its newest location: Virden, Manitoba. Longtime native of the Virden oilfield industry, Sparks Energy Services became part of the CES fold March 1, 2011.

Sparks' reputation as a reliable oilfield contractor goes hand-in-hand with Carson Energy Services' standing as a leader in the energy services field, and the company looks forward to working with former owner Dennis Sparks and his staff, who will maintain their excellent relationship with clients in the Virden area.

- Work which the Virden location performs includes:
- Venting
 - Oilfield maintenance
 - Snow removal
 - Flowline pipeline
 - Well inspection
 - Steaming
 - Gear-box oil changes

Carson Energy Services at Virden is located just south of the Trans-Canada Highway near the southern Manitoba-Saskatchewan border, and employs 40 oilfield professionals.

The service crews in Virden operate a range of equipment including backhoes, unloaders, directional boring and hydrovac equipment.
